

# SUMMER CONFERENCE-2024

## **Dear Friend in Homoeopathy,**

Once again the Summer Conference was a success. Delegates commented that "it was the best yet", "really learnt so much"; "wonderful opportunity of observing so many cases and follow-ups"; "confidence on classical methodologies and its wonderful action in this drug-dependant world".

## **"I particularly enjoyed the clinics".**

Dr. Subrata K. Banerjea is pleased to announce the Twenty Second Summer Conference for 2024, which is now a part of the establishment.

## **Location:**

The "Summer Conference" will take place in Great Baddow, in Chelmsford. London is approximately 30 miles away, and the seaside 25 miles, both are accessible by train from Chelmsford.

## **Aims:**

- \* To develop your Materia Medica.
- \* To grasp the Medicine Picture through a few Key-Expressions (e.g. Retention for Nat. Mur; Anchor for Pulsatilla; Principle for Kali Carb; Unfulfilled for Tuberculinum) and Miasmatics of Medicines (Rapid miasmatic diagnosis and remedy diagnosis through appearance, gesture, posture and behaviours).
- \* To compare related medicines instantly (Comparative Materia Medica is Subrata & Saptarshi's strongest areas)..
- \* To be a confident prescriber with time tested, century old scientific approach of combining Miasms, Totality & Essence with sound knowledge in Materia Medica; Practical reinforcement of Classical Hahnemannian-Kentian Approach: Consistent & Repeatedly verified, even in the Drug Dependent Cases, **see how it works!** (*Guarantees confidence in Materia Medica as the medicines are presented through personification, pictures of faces, gestures etc and extensive comparison with related medicines*)
- \* Observe Rapid & Permanent relief of curable Pathology: Live Cases in the Teaching Clinic of U.K and India (live transmission from India Clinic) and also Video footage of Indian Medical Centre: Fast results even in Drug Dependant Cases.
- \* Re-visit the action of century old lesser known Organopathic medicines like Helonius, Indigo, Tanacetum, Verbena in Depression; Amyl Nit., Epiphegus, Melilotus, Onosmodium, Usnea for Migraine. (a) To discuss the Organopathic lesser known medicines for common acute & chronic ailments e.g. Asthma, Arthritis, Cough & Cold, Constipation, Depression, Eczema, Hypertension, UTI etc. (b) To discuss the effective classical methodology to deal with drug dependant patients from Subrata's extensive clinical experience in the U.K & India with illustration of successful cases and demonstration of the rapid

action of the Organopathics. (c) To demonstrate methods of weaning off conventional chemicals in accordance with aphorism §91 of Organon and thereby giving confidence to the patient that (i) yes, I can control the dosage and may take fewer chemicals; (ii) there are alternatives to manage my condition and (iii) homoeopathy is working for me!

The "Modern Classical Prescribing" an article by Dr. Banerjea in our website (details at: <http://homoeopathy-course.com/index.php/about-us/our-prescribing> Or <https://allencollege.co.uk/2022/02/25/practical-approach-classical-prescribing/>) has been specifically designed to use homoeopathic medicines in drug dependant cases and wean off gradually the conventional chemicals without any complications or side effects. Dr. Banerjea has extensively used either deep acting anti-miasmatic medicines or lesser known organopathic medicines to open such cases and when the totality is more clear, prescribe a polychrest or constitutional medicine.

So **p**lease **p**repare the **p**atient for receiving the **p**olychrest (PPPP)!

In aphorism §91 of Organon, Hahnemann clearly mentions about prescribing for natural disease and not for conjoint disease (where the drug induced artificial chronic disease is super-imposed on natural disease and patient cannot give us a clear picture e.g. modalities, sensation or characters of pain etc.).

***This practical approach for present drug dependant world is aimed to give you and your patient the confidence that homoeopathy is working within 1st or 2nd follow-up. Also through gradual weaning off the conventional medication, patient becomes free from side effects of chemicals and develop trust on you and your prescribing!***

***By the end of this intensive programme, participants will have:***

- (i). A thorough comprehension of some of the subtle and finer points required in clinical practice;
- (ii). Confidence in their grasp of the essence of remedies;
- (iii) Knowledge of the application of the Organon in Clinical practice;
- (iv). Confidence in Effective Case Taking and clinical insight in the dissection of cases.

***Extensive lecture notes for all topics will be provided.***

*The programme aims to close the gap between theory and practice and guarantees the use of miasmatic knowledge and confident use of Materia Medica and Clinical aspects of Organon in everyday practice.*

**This is a programme suitable for U.K and overseas students and homoeopaths for an intensive exposure of Clinical & Practical Homoeopathy and Comparative Materia Medica.**

#### **WHY CHOOSE "ALLEN" COURSES ?**

- **"WHAT WE TEACH, WE DEMONSTRATE PRACTICALLY THROUGH HOMOEOPATHICALLY CURED CASES, IN THE COLLEGE CLINICS."**
- **PRACTICAL TRAINING WITH LIVE CASES.**

- **SIMPLE CLASSICAL TEACHING.**
- **EXTENSIVE LECTURE NOTES PROVIDED.**
- **COLLEGE LIBRARY WITH LARGE COLLECTION OF REFERENCE BOOKS.**
- **ONLY 35 MINUTES FROM LONDON.**

## **Subjects for Summer Conference 2024:**

### **(A) LIVE VIDEO-TRANSMISSION OF PATIENTS FROM INDIA MEDICAL CENTRE:**

Live cases of diverse pathologies transmitted in real time to our UK classroom. Subrata will discuss the cases in detail including Clinical & Comparative Materia Medica. Throughout the day we will see at least 10 cases including follow-up of improved cases.

### **(B) Remedies which are linked to weather reaction. Clear indications usually hidden in the Materia Medica. Aetiology, maintaining causes and affects of environment in cases.**

### **(C) WHY SIMPLE HOMOEOPATHY WORKS. LIVE CASES OF STRUGGLE & SUCCESSES: IN-DEPTH DISCUSSION AND CASE ANALYSIS OF SOME ADVANCED PATHOLOGICAL CASES & HOW HOMOEOPATHY IS WORKING:**

Subrata will analyse *selected cases from his UK Consulting Room*, some of whom will be present in the Class. In-depth discussion of how to identify **blocks** in the case, best case methodology to follow. We will do a thorough Miasmatic dissection of each case using Clinical and Comparative Materia Medica, we will discuss the reasons for the final choice of remedy, why the given potency was selected with hints on scope of centesimal and LM scales.

Subrata will also focus on aspects to look for in the future and how to change the plan of treatment, if necessary. Clinical tips to use when a case is at a standstill to try and move forward again.

### **(D) SEE SIMPLE SUCCESSFUL HOMOEOPATHY LIVE CASE DISCUSSION AT ALLEN TEACHING CLINIC - 2 DAYS**

An **opportunity to observe live cases**, discussion of the medicine given, Comparative Materia Medica of related medicines, potency, repetition and “Wait & Watch” technique after the prescription. How to handle “Drug Dependent” Complex cases of the Western World. Most of us make a good first prescription but spoil the case by too fast a repetition or change of prescription! These TWO days aim to close the gap between theory and practice, they guarantee the use of Miasmatic knowledge and confident use of Materia Medica and Organon in everyday practice.

### **(E) HOW SIMPLE HOMOEOPATHY WORKS – IN DEPTH DISCUSSION AND CASE ANALYSIS OF ALLEN TEACHING CLINIC CASES**

Subrata will analyse some selected cases which you have seen during the live Teaching Clinic on Tuesday and Wednesday. In-depth discussion of how to identify **blocks** in the case, best case methodology to follow, etc.

Subrata will also focus on aspects to look for in the future and how to change the plan of treatment, if necessary. Clinical tips to use when the case is at a standstill to try and move forward again.
