Offers
A CLINICAL DISCUSSION PROGRAMME IN HOMOEOPATHY
(IN WHICH AT LEAST 125+ LIVE CASES ARE DEMONSTRATED).

Perhaps the ONLY programme in the world, which demonstrate.

125+ LIVE non-edited cases in 10 days, where live interaction with patient is encouraged

-: PROGRAMME TITLE: -
"VISITOR HOMOEOPATH'S EXCHANGE DISCUSSION PROGRAMME" (VHEDP)

We offer a Clinical discussion programme in Homoeopathy in which at least 125+ live cases are demonstrated. The aim of the 10 days clinical programme entitled "VISITOR HOMOEOPATH'S EXCHANGE DISCUSSION PROGRAMME" (VHEDP), is to demonstrate a simple, straight forward, time tested, scientific, methodical & logical method, founded on solid principles, the non-confusing classical method, the "Simple Homoeopathy". Participants are delighted to see Classical, time-tested Homoeopathy (or Homeopathy) that works, can be so simple, combining the knowledge of Miasms & Medicines.

2025 Dates: 18th February (Tuesday) to 28th February (Friday) 2025

THE AIM OF THE PROGRAMME: To demonstrate the simple, straight forward, time tested classical method of Homoeopathy.

Participants are delighted to see Homoeopathy that works, can be so simple.

PRACTICAL TRAINING IN CALCUTTA, INDIA

WHY CHOOSE CALCUTTA CLINICAL TRAINING?

- **125+ live cases in 10 days: Practical presentation.**
- **Improved cases with heavy pathology seen & discussed during this intensive programme.**
- **Established in 1985 with Dr. Subrata K. Banerjea.**
- **Drs. Subrata & Saptarshi have international reputation with vast experience of cured cases.**
- **Ready application of Clinical Materia Medica & Miasm (use Miasm as repeatedly verified methodology in daily practice).**
- **Extensive lecture notes provided.**
- **Simple classical teaching. Guarantees confidence on Materia Medica & how to compare related medicines (The Mecca of Materia Medica teaching).**
- **Individual support & guidance, as the groups are smaller.**
- **60+ hours of CPD & Clinical hours Certificate.**
- **Observe homoeopathy in action in advanced pathologies and develop your confidence.**
- **See how simple homoeopathy works. The non confusing, time-tested methodology of combining miasm and totality.**
- **Purchase homoeopathic medicines while in India in a very reasonable rate and the savings thereof will pay for your trip.**

3 Primary Aims of the Programme:

I. Do not get confused by different methodologies. Believe in 230+ years of a clear approach to prescribing including miasms, totality & essence with sound knowledge in Materia Medica. A practical method which gives you and your patient the confidence in homoeopathy.

II. See "Homoeopathy in Action" through 125+ live cases in 10 days with practical demonstration of cured cases with heavy pathology.

III. Homoeopathy can work quickly. Re-visit the action of century old lesser known Organopathic medicines like Helonius, Tanacetum, Verbena in Depression; Amyl Nit., Epiphegus, Melilotus, Onosmodium, Usnea for Migraine and wean off the conventional chemicals in accordance with aphorism §91 of Organon and thereby giving confidence to the patient that (a) yes, I can control the dosage and may take fewer chemicals; (b) there are alternatives to manage my condition and (c) homoeopathy is working for me!

The "Modern Classical Prescribing" an article in our website (details at: **https://allencollege.co.uk/resource/practical-approach-classical-prescribing**) has been specifically written on how to use homoeopathic medicines in drug dependant cases.

INTRODUCTION

It is generally accepted that homoeopathy is practised widely as primary health care in India. Calcutta has a rich heritage in Homoeopathy and offered the first University and Government approved full time homoeopathic 5 years degree programme.

All across India homeopathy is accepted as being the major alternative to pharmaceutical medicine and as such has enormous popularity, which is mainly due to its presence in the sub-continent over 200+ years as well as its coherence with Mahatma Gandhi's philosophy of non-violence.

The Banerjea family has practised Classical Homoeopathy for four generations and the Institute has a long heritage. The tradition of sharing experience is continued through this programme and by the teaching of the fourth and fifth generation homoeopaths, Dr. Subrata and his son, Dr. Saptarshi Banerjea, their insights into prescribing with their magnificent grasp of the nuances of Materia Medica make these lectures wonderfully rewarding and gives the confidence in prescribing especially in cases with advanced pathology.

Subrata & Saptarshi often sees around 50 patients a day in their Calcutta Medical Centres, such volume requires the use of extensive ready knowledge of Clinical and Comparative Materia Medica coupled with profound intuition and application of ancestral wisdom. Participants of both Dr. Subrata & Saptarshi Banerjea will testify to the remarkable knowledge and enthusiasm which they generously impart to all who

share their passion for this most rational of healing arts. Their dedication to the truth of homoeopathy is regarded as inspiring and unsurpassed.

The programme is intended for graduates of professional programmes, newly qualified and those who have been in practice for a number of years. The programme is open to people who have had some experience with clinical homoeopathy. The programme is unsuitable for complete beginners.

The aim of the programme is are to:

- Develop your Materia Medica,
- Compare medicines instantly (Comparative Materia Medica),
- Be a confident prescriber with time tested, century old scientific approach of combining miasms + totality & essence with sound knowledge in Materia Medica,
- Continued personal and practice development,
- Enable participants to integrate the use of Miasm in everyday practice,
- Practice the art of observation in numerous patients especially with gross pathology and the relevance of Materia Medica.

At the beginning of the programme time is spent acknowledging methodologies and stating the methodology generally used by the homoeopaths/doctors within the Institute. This is particularly relevant because due to the quantity of patients at many of the clinics there are methodologies in place, which permit *rapid prescribing* whilst maintaining a quality of prescription, addressing the totality.

It has been said by participants of the programme that the experience offered by the Institute greatly enhances knowledge, improves confidence, and widens horizons. It enables practitioners to know which pathology homoeopathy can safely and successfully address and those it cannot.

As the programme has been in existence for over 40+ years; the staffs and general management understand the needs and expectations of the overseas participants. Teaching will be in relevance to that of Europe and other western countries. Discussion and reflection are integral within the sessions.

Due to the nature of the programme the numbers are limited to maximise learning opportunities.

It is a privately organised programme, which offers a unique opportunity to share the vast clinical experience of Dr. Banerjea and his colleagues. During the programme, participants gain exposure to miasmatic prescribing, clinical discussion, clinical examination, and fast prescribing techniques with live case demonstrations.

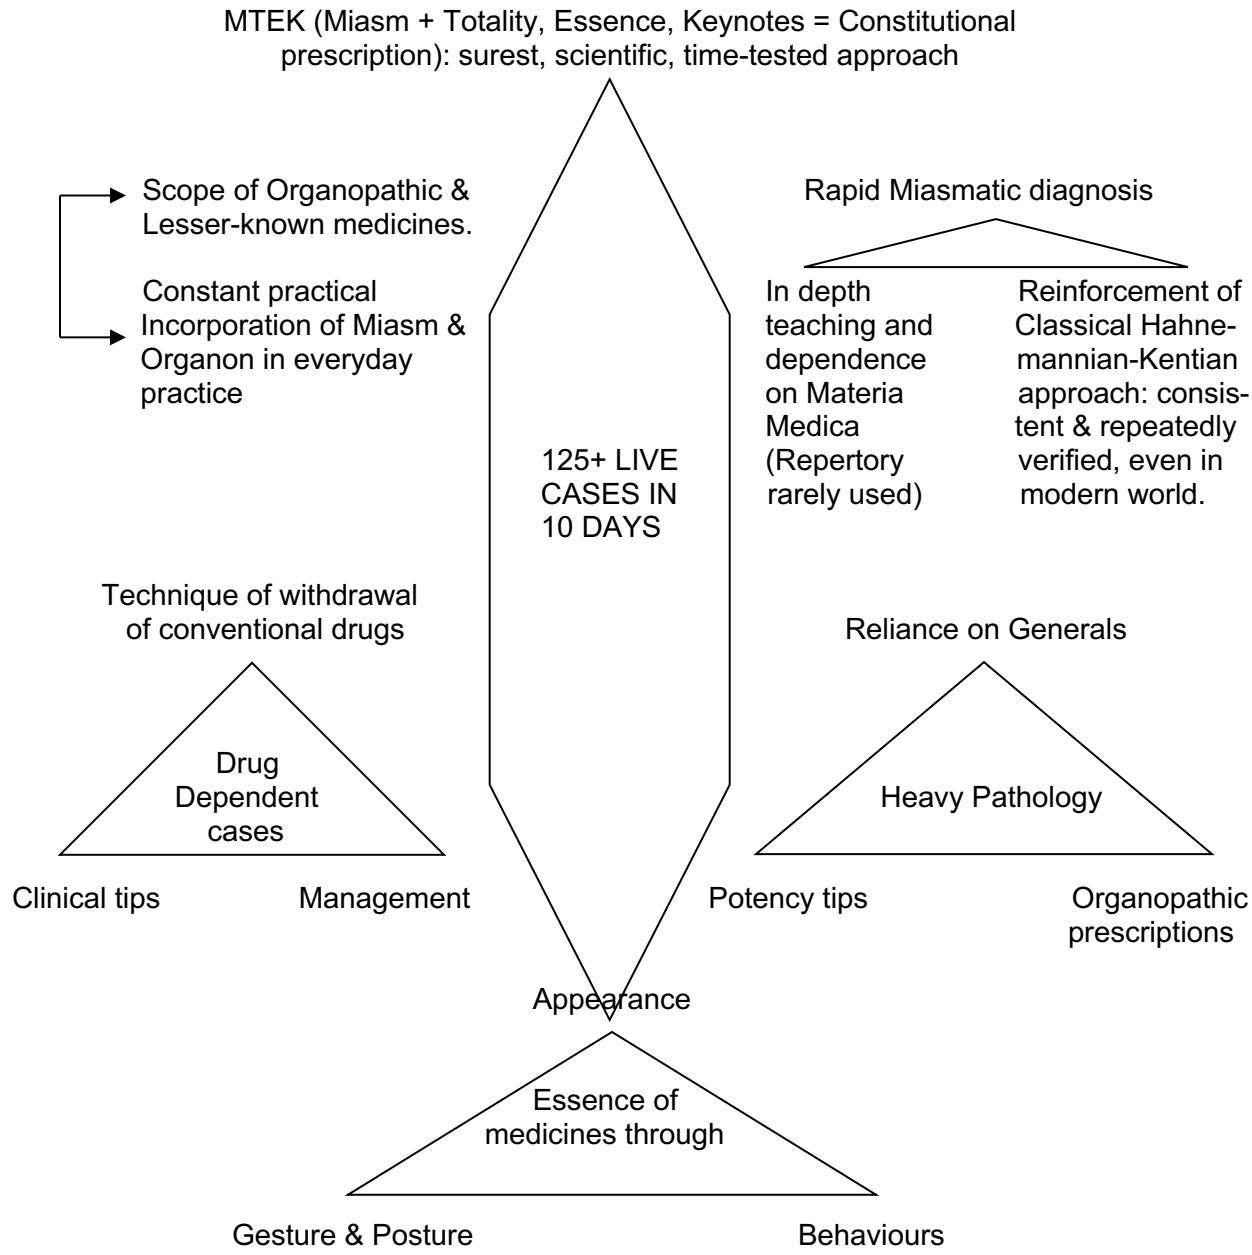
We do not offer any degree or diploma on completion; neither there is any examination at the end of the programme; as this is a Clinical programme for exchange of education and to observe "homoeopathy in action". However, you will receive an 'Attendance Certificate' in which the clinical hours that you have participated will be mentioned. The programme is so designed that each visitor has an opportunity to observe 'Homoeopathy in Action' in such diverse cases as Advanced Arthritic problems, Asthma,

Cancers, Dementia, Fibroids, Gastric disorders, Hepatitis, Migraines, Psoriasis, Psychiatric disorders, Scleroderma, Sterility, UTI and so forth. Clinical interpretation and Miasmatic approach are thoroughly explained. All visitors can expect to enhance their own clinical intuition and miasmatic knowledge and learn to apply them successfully in everyday practice.

Approximately 125+ live cases will be seen during the programme.

The programme aims to close the gap between theory and practice and guarantees the application of miasmatic knowledge and the confident use of Materia Medica and the Organon, in everyday practice. Dr. Banerjea will be especially sharing his 'Essence Triangle' and explaining the 'sum-up' and core criteria ('Key-string') of each medicine.

SUREST, SCIENTIFIC, CLASSICAL, TIME-TESTED METHODOLOGIES TAUGHT DURING THE CALCUTTA CLINICAL PROGRAMME



I. THE INSTITUTE:

The century old 'Bengal Allen Homoeopathic Medical College and Hospital', which was originally founded by Subrata's grand-father and was one of the landmarks of Homoeopathic teaching in the history of Homoeopathy in India, got defunct in 1943. After founding Allen College in the United Kingdom, Subrata wanted to extend the Clinical learning facility through observation of cases from his and Saptarshi's extensive practice in India.

II. ELIGIBILITY FOR PARTICIPATION

The programme is intended for any participants with an interest in Homoeopathy who has some previous academic/practical experience. The programme assumes that each participant has a basic knowledge of homoeopathic (homeopathic) principles.

III. CONTENTS OF THE PROGRAMME

PROGRAMME DESIGN:

HOMOEOPATHIC GROUP: THE PROGRAMME IS DESIGNED TO COVER A SELECTION FROM THE FOLLOWING:

i) **Materia Medica:** Clinical; Comparative and Miasmatic Materia Medica with Dr. Banerjea's well acclaimed 'essence triangle' and 'picturised-presentation' of each remedy.

ii) **Organon of Medicine:** A method for practical implementation of the Organon of Medicine.

iii) **Case Taking:** Practical approach to rapid case taking and case analysis with Miasmatic dissection of each case.

iv) Posology and L.M. Scale Prescribing, including Hahnemannian dispensing directives.

v) Dietetics and its homoeopathic implementations.

vi) Clinical Therapeutics: Discussion of 'lesser-known small medicines' with reference to the Banerjea family's ancestral tips. Homoeopathic broncho-dilators; homoeopathic astringents; homoeopathic anti-hypertensives etc.

vii) The approach of Homoeopathy in steroid / inhaler/ beta-blocker etc. dependent cases with extensive case reference from Dr. Banerjea's wide experience of gross pathologies in India. Audio-visual presentation of improved cases.

viii) Homoeopathic Clinical Therapeutics with Miasmatics and Comparative Materia Medica of a selection from the following:

(a) Paediatrics including Neonatology and Homoeopathic Vaccination with practical experience as prescribed in slums of Calcutta.

(b) The value and use of Homoeopathy in acute cases and medical crisis situations.

(c) Respiratory disorders including Bronchospasm and how to withdraw Steroids.

(d) Diabetology including steps to withdraw allopathic oral anti-diabetic drugs.

(e) Neurology including terminal dementia problems.

(f) Urological disorders.

(g) Rheumatology including lesser-known remedies.

(h) Dermatology including Hahnemannian Conception and the clinical approach to the treatment of different skin disorders.

(i) The scope of homoeopathy in psychiatric disorders; particularly in drug dependent cases.

(j) Carcinomatous disorders and Aids.

ix) Practical demonstration of cases in clinics to improve clinical knowledge.

x) Clinical and practical prescribing approach (both acute & chronic including knowledge of using Miasm in everyday prescribing).

IV. DAILY ROUTINE

Each day is scheduled to cover approximately 10 to 15 live cases (patients will come to the Clinic where you will have a live interaction with the patients). Drs. Subrata &

Saptarshi Banerjea will translate the cases in front of you and you will be encouraged to ask any questions. English interpretation of the cases is constantly provided. They will discuss the significant points for the selection of the remedy. You will be seeing lots of live follow-ups (there is no video editing of any cases!).

Comparative Materia Medica, Clinical Therapeutics (especially of the topics with which patients were present in the session) and the Miasmatic Approach of Prescribing are discussed further encompassing Dr. Banerjea's family heritage of clinical and potency tips.

Approximately 125+ live cases will be seen during the programme.

Approximately 75% is practical case demonstration and about 25% is theoretical lectures on Materia Medica, Philosophy where lots of Clinical tips are shared.

Dr. Subrata & Dr. Saptarshi Banerjea himself will approximately take 70% - 80% of the sessions.

The timetable is very full to maximise your leaning opportunity. We offer exposure to a variety of cases. There will be some short distance travel on some days to visit the slum clinics. Please come prepared for a busy schedule.

V. PRACTICAL INFORMATION

i) **Medium of discussion:** English

ii) **Duration of programme:** 10 working days (1 day off).

iii) **Working Schedule:** 9.30 a.m. till 4.30 p.m.

iv) **2025 Dates: 18th February (Tuesday) to 28th February (Friday) 2025.**

v) **Programme Fees (for Tuition only): £900.00 (British Pounds Nine Hundred only).**
Arrangements for Tea & Coffee are provided. We do not provide any food (please bring your own lunch on working days).

Accommodation and all other food expenses are to be met separately by each individual participant.

vi) **Clinic Recording:** 36 hours (Approx) of Clinic Recording of Live Cases available: British Pounds: £300 (especially for those who cannot attend the programme in Calcutta).

Participants from other countries, please use **www.xe.com** for equivalent exchange rate.

To be calculated @ present exchange rate with British Pounds of the day of remittance.

VI. OTHER OPPORTUNITIES

i) <u>HOMOEOPATHIC BOOKS AND MEDICINES</u>:

During your stay you will be offered the opportunity to buy homoeopathic books and medicines at local Indian prices, e.g., Boericke's Materia Medica will cost approx. £3 and 5 ml of Homoeopathic Potency will cost 0.25 Cents. The Institute will assist you with your purchases by liaising directly with the supplier, if you so require. Genuine hand-succussed homoeopathic potencies, medicine kits, globules of different sizes including Hahnemannian poppy-seed size etc., glass vials, wooden boxes and cabinets etc. are all available at excellent prices so be sure to plan your budget accordingly!

ii) <u>APPEAL FOR DONATIONS FOR OUR MILK PROJECT & MOBILE MEDICAL VAN</u>:

We fund the following initiatives:

(i) Milk Distribution Project (for street and slum-dwelling children),

(ii) Free Slum Clinic (Homeo Clinic),

(iii) Mobile Medical Van to cater for the needs of poor and destitute street and slum dwellers of the city and suburbs. Your generous contribution will be gratefully received.

VII. REGISTRATION

i) Payment of Advance Registration Deposit or total fees for Indian participants can be made by direct Bank Transfer to the following Account.

Dr. Saptarshi Banerjea
HSBC A/C No.:031-762743-006
SWIFT CODE: HSBCINBB
IFSC CODE: HSBC0700004

HSBC Bank.
Dalhousie Square, 31 BBD Bagh, Lal Bazar, Hare Street, Kolkata, West Bengal 700 001, India

Please ensure that your/participant's name appears in the Transfer ID; thank you. Please ensure that the Bank Commission charges are deducted by your Bank to ensure the total amount received in our account should be the programme fees.

Participants from England; E.U countries & North America: Contact Allen College (info@allencollege.co.uk) in the U.K for payment (corpus development / delegate fee) details.

If you are opting to transfer, please inform us by e.mail
info@allencollege.co.uk
cc to:
dr.saptarshib@gmail.com

the date of transfer; thank you.

ii) **Balance Payment:** The balance amount (non-refundable) should be transferred 4 weeks before the starting of the programme by direct Bank transfer, which we recommend. Please forward us the scanned copy of your transfer document.
please use: **www.xe.com** for the current transaction rate of the day of payment). In such case, please forward us your Bank's paying-in slip for the amount.
Payment by Personal Cheque, Cards will not be accepted.

iii) **Local Registration:** Those who do not send the advance deposit may remit the entire programme fees together with a late fee of £100 per person on their arrival at the Institute. This payment should be made in British Pounds or equivalent US Dollars.
We recommend Direct Bank Transfer before your departure. Please forward us the scanned copy of your transfer document.
Payment by Personal Cheque, Cards will not be accepted.

iv) **Cancellation:** No refund is granted in case of cancellation of registration or postponing the participation. Moreover, no deduction or concession is possible in the case of partial attendance.

v) **Approximate total expenditure for the experience in Calcutta (including return flight from London)**:
A guide to estimated minimum expenditure:

(a)	Programme Fees	£ 900
(b)	Accommodation (Basic to moderate) (Hotel Bills) @ £70 x 12 days (less, if you share)	£ 840
(d)	Food Expenses (Average Restaurant Bills) @ £20 x 12 days	£ 240
(e)	Local Transport	£ 60
(f)	Miscellaneous Expenses	£ 100
(g)	Flight (London – Calcutta – London)	£ 850

	TOTAL EXPENDITURE	**£2990 (approx.)**

vi) This programme is intended for Overseas participants but there are limited places for Indian participants, upon application.

To know the cost of the programme for *participants with an Indian Passport, who are permanent residents of India,* please write to us.

VIII. TO ENROL

Please e.mail the following documents:

i) Application Form, duly completed,

ii) Advance non-refundable deposit of British Pounds £200 (by Bank Transfer- send us a scanned copy of transfer document); in favour of ALLEN COLLEGE OF HOMOEOPATHY.

On receipt of your completed Application Form and Advance Registration Deposit, we will send you further Practical Information (e.g., books to read before travelling, things to pack etc.), which will help to make your stay in Calcutta comfortable, enjoyable, and memorable. Mother India looks forward to welcoming you to her land and to the renaissance of Homoeopathy!

IX. COMMENTS FROM PREVIOUS PARTICIPANTS

Dr. Karl Robinson, M.D (U.S.A); Texas; USA, (2017):
"Two weeks in Calcutta with the Banerjea team, Subrata, father, and Saptarshi, son, is to immerse oneself in high quality homeopathy in the great city of Calcutta, home to numerous world-renowned saints. The Banerjeas have an encyclopaedic knowledge of Materia Medica. They rarely need to use a repertory so vast is their knowledge of the homeopathic medicines. The programme is splendidly organized, hour by hour, and held in their attractive, very clean clinic and every noon a good vegetarian meal is served on the open-air roof. The programme is cantered on Live Patients, most of them follow ups who report significant improvement and/or cure. I rate the programme FIVE STARS.

Marion Kellner, Berlin, Germany (2016):
"Thank you so very much for this very good opportunity to see so many interesting cases with different pathologies. It was the best programme, I ever joined. Good opportunity to see cases with different and deep pathologies. Great opportunity to see the work in rural camps and slum clinic."

Narain Mahtani Harchand, Madrid, Spain (2016):
"Very clear and to the point and at the same time keeping links to the concepts. Being A vast knowledge with them as Classical Homoeopaths; and it was easy to follow and understand. Great job."

Sabiha Yasemin, NSW, Australia (2016):
"The presentation by Banerjea's and their associates was very informative end impressive. It was great to have the opportunity to tap into their vast experiences. I could not emphasize how much I appreciated what I learnt in such a short time."

Dr. Sobhis Watcharaphong Crothers, Nonthaburi, Thailand (2016):
"Very Interesting, informative, step by step teaching."

Reiko Mori, Japan, (2012):
"I found the way how to walk on the path to professional practitioner, by observing – Interacting with teachers".

Lena Phillips, Australia, (2012):
“To see Homoeopathy being used as it should be is an Honour, I will cherish forever and remember back in the west as in operation”.

Margarita Richardson, U.S.A., (2012):
“Visiting clinics of actual practicing Homoeopaths was a privilege and an incredible experience, seeing patients with such advanced pathology”.

Thelma West, U.K., (2011):
“We met several doctors, so we were exposed to various approaches, but the methods were consistent and clear, and there was no confusion. Homoeopathy can be practiced in such a simple form and that works. This clear and classical approach showed the beauty of Homoeopathy at its work”.

Donna Fox, England, (2009):
"I have loved every minute at the Institute. All the clinics have been interesting, and it was good to see some gross pathologies and medicines come to life".

Camilla Couzens Howard, England, (2009):
"The most incredible experience. To be allowed to choose the remedy in some cases has increased my confidence".

Savina Tropea, Scotland, (2009):
"I feel so privileged and fortunate to have enrolled to this programme in Calcutta. It has been amazing to be taught by so many enlightening individuals and to see Homoeopathy in action. In a very short time, this programme has given me a clear direction for my future studies, has opened up the whole world of Miasms and Miasmatic prescribing".

Chye Phing Teh, Malaysia, (2008):
"Dr. Banerjea is brilliant in both medicine and teaching. I also feel wonderfully comfortable sitting –in with Dr. Bhatt and Dr. Basu, and I have learnt some important tips from their experience. I will definitely recommend this clinical programme to my friends and other Homoeopaths in Malaysia. I shall come again for Homoeopathy and for India".

Chan Yee Kam, Malaysia, (2008):
"First of all, it's a shock for me to experience the wonder of single dose and single remedy prescribe by our 'Gurus' here. It was really a fantastic and wonderful experience".

Jo Rhodes, England, (2008):
"I particularly enjoyed the clinics and the chance to see so many patients from all background – from a rickshaw puller to a billionaire – and see the amazing effect Homoeopathy has on their symptoms and their lives".

Dr. Olfat Ghoneim, England, (2007):
"As an Allopathic doctor it was not clear to my mind how it works but attending this intensified programme with such a number of diverse clinical cases (amazing to believe) has shocked me and shaped me".

Fatima Cercas, Portugal, (2007):
"Because of this programme I am so excited that I want to get in touch with the "Homoeopaths without Frontiers" back home and see what they are all about and may be give them some ideas on working with under privilege people in Portugal. This programme has bought me more confidence that Homoeopathy can work in all situations and varying degrees. I hope that this enthusiasm and confidence will make me a better Homoeopath".

Dr. Tag Sherif, England, (2007):
"This must be the best decision I have made in my life, to come to Calcutta to learn about fascinating subject of Homoeopathy with Dr. B. and Janet".

Julie Wallace, Australia, (2007):
"I feel my confidence has strengthened; I thank you for that".

Mary Dunne, U.K., (2007):
"Unusually for me I am lost for words! This has been the experience of a lifetime – I have seen for myself the wonderful results that Homoeopathy can deliver and have felt very lucky to be here and proud that I have chosen this as my profession".

Jackie Lawater, Australia, (2007):
"This programme has certainly surpassed all my expectations. I have learnt so much and have a far better understanding of the miasms with Miasmatic Prescribing. The clinic sit-in sessions have been invaluable where else could one see so many cases and have so many observers? Calcutta has also taught me a lot about life with people".

Danny Hill, Kenya, (2007):
"What an excellent programme. I ran a clinic in a slum in Kenya and after watching Dr. Banerjea and company in action I feel the poor people of Arpuli slum will be benefiting from far better prescription".

Erik Soerensen, Germany, (2007): "
Thanks Dr. Banerjea for the time in India. It was a pleasure and I will return to India and continue to expand my knowledge of Homoeopathy for humanity".

Kate Skerrit, Poland, (2006):
"I hope I can become better Homoeopath because of this experience".

Brit Berggraf Nordbo, Norway, (2005):
"Thanks so much for a fantastic programme with enthusiastic teaching".

Norma Callahan, U.S.A., (2005):
"Wonderful experience in rural clinics".

Samantha Egan, Essex, England (2013):
"I am humbled by this experience in which I am truly thankful to Subrata and Janet Banerjea for their willingness that they so readily share. I feel that this experience as a whole has and will make me a much reorder person in my future journey as a mother, wife and Homoeopathic Practitioner. The teaching and clinical experience gained has

given me the confidence to be extend and expend my practice in the U.K. So, a huge thank you to all at B.A.M.I. and most of all to MOTHER INDIA, for such a amazing experience."

Steph Sellers, Essex England (2013):
"As for the Homoeopathy – I am still a step learning curve and the quick prescribing in clinic was fantastic to see. I had heard about it at home in U.K. but had never imagined it would be quite so inspiring. I also enjoyed the various styles of other Homoeopaths. Very varied and different yet all had the same person, enthusiasm and compassion."

Debyser An, Belgium (2015):
"A miasmatic reflection on this experience. Psora was there in sense of lack of knowledge on modalities and multi miasmatic diagnosis, this was taken care of in a most excellent and practical manner. Sycosis was there in excess of very many cases some of outstanding value and excellent food at lunch. Tubercular aspect was experienced in travelling through the whole country and enjoying Darjeeling Mountain. Syphilitic aspect: we are burning with fire and enthusiasm now. Chronic psoric instability will be eternally there to apply what we have cassaf in our practice and desire for much more. Thanks to all who have made this experience into an unforgettable one."

Helen Poff, Bangkok, Thailand (2016):
"I gained so much insight into the Materia Medica by being exposed to the varied heavy pathological cases. I love the simplicity to the "BANERJEA PROTOCAL" and keeping it classical single dose where possible and including their saved Sacred herbs of the Indian nature. Glory to the Banerjea's."

Alix Whittal, Bellecour, Lyon (2017):
"Fantastic programme, thank you. I have learned simple Homoeopathy. Thank you, Dr. B., Dr. Saptarshi and Hahnemann."

Penny Pritchard, England (2017):
"Wonderful Clinical practice. Thank you all for your help."

David Chinedu, Nigeria (2017):
"I am so impressed for the depth of information that was offered in so short a time. Great and phenomenal experience on Miasmatic Prescribing and most especially Materia Medica. I am happy for participating in the programme."

Ruth E. Amala, Chennai, India (2017):
"The Clinics were an eye-opening experience. We saw a great variety of cases and learnt quick prescribing. Dr. Subrata, Dr. Saptarshi and all other Doctors were very clear and shared a wealth of knowledge and experience. The notes were very clear, concise and helpful. Classical Homoeopathy at its best. Thank you very much for this wonderful opportunity."

Dr. Yogesh Kadam, Pune, India (2017):
"My deepest thanks to Dr. Banerjea Sir for giving me this thoughtful provoking methodology which has 100% proof in spite of 200 years of long journey. Hats off Sir!!"

Katharina Gaertner, Bern, Switzerland (2017):
“I experienced rapid individualized prescribing on the base of classic references. The organopathic tinctures broadened why Materia Medica knowledge and I can highly recommend the programme.”

Rupar Iyar, Los Gatos, USA (2017):
“This program is simply amazing! I learned far more than I had hoped too. I sincerely thank you for organising such an incredible learning opportunity for all of us. I will continue to come back to watch so many incredible cases to continue on my journey of learning.”

Francis Treuherz, M.A., M.C.H., R.S. Hom. (London),
Artizan Rd., Northampton, England:
".... This has been a most interesting programme ...wonderful experience ... Indian book sellers and pharmacies are excellent and cheap too ... "

Dr. Travis Herring, M.D. (U.S.A.) Orange City, Florida, U.S.A.:
".... The programme was organised, administered and taught at the highest professional level ... the best Homoeopathic short programme in the world ... "

Richard Pitt, L.C.H. R.S. Hom (London), Hertford, U.K.:
".... The time and commitment of the various lectures reflected a personal integrity and professional capacity which is an inspiration for all classical Homoeopaths, and it has been a privilege to participate and share this experience.... "

Valentine Mbaegbu, Oraukwu P.A., Nigeria:
".... I was highly impressed by the programme and realised the depth of classical homoeopathy here ...."

Karl Kienle, Hohenschaftlarn, Germany:
".... At the end of the programme I understand why Calcutta is called the 'Mecca of Homoeopathy...."

Marieke Kuik, Utrecht. Holland:
"....It made me to realise that there is not one way of using Homoeopathy, as have been taught at my school, but there is always lot to learn.... "

Julia Twohig, 18, Pelham Street, Adelaide, Australia:
".... Special thanks to Dr. Subrata Kumar Banerjea for his inspirational teaching and organisation and his generosity in sharing his treasured ancestral tips”.
